

hvv ProfiTicket

Makes everyone happy.

Your wallet

A ProfiTicket is value for money in home office times too, for instance if you go into the office two days a week (compare a ticket for fare rings AB with single tickets). If you have a ProfiTicket, you are getting every journey on top of that virtually free!

And it's not only on the hvv that you can travel more cheaply. You save money on the car and bike sharing products from our partners too:

- 20 % discount on the price per minute with StadtRAD
- 50 % reduction on the registration fee at cambio
- 25 euros voucher for first-time customers with Getaround

Your environment

The ProfiTicket makes it possible for you to travel sustainably. With every journey you make a contribution to climate neutrality.

Your spontaneity

Do whatever you feel like doing. Your ProfiTicket makes you mobile:

The ProfiTicket is valid 24/7 within the fare rings you have chosen on all regional rail and rapid transit services, buses as well as regular harbour ferries.

And you can take 1 other person and up to 3 children aged up to 14 with you free of charge at the weekends and on public holidays. Your ProfiTicket is even valid then on the entire hvv network.

It's worth it
even if you only
use the hvv
2 days a week!
