

This is what I signed for when received my ProfiTicket:

As a contractual partner of the S-Bahn Hamburg GmbH – shortened to S-Bahn in the following – I agree to the fare money being deducted monthly at source from my salary. Notwithstanding this mechanism, the liability to pay the fare money remains with me personally. This agreement includes any rise in the monthly amount payable as a result of any tariff increases. The HVV Communal Tariff (Gemeinschaftstarif) applies, in particular the Terms and Conditions of Use for the ProfiTicket in the HVV Corporate Client Subscription programme (Großkundenabonnement (GKA)). In this context I am obliged to take particular note of the following:

The period of validity for my participation relationship is one calendar month. Participation will be extended for a further month at a time as long as no objection to such extension is received from me, effective to the end of the month concerned. When the ProfiTicket expires, I will receive a new ProfiTicket provided that my participation continues. If the ProfiTicket is lost, I may only lodge an objection to my participation at the earliest to become effective at the end of the validity of my ProfiTicket. I am aware that, if its validity has not yet expired, I must return the ProfiTicket to my employer at the end of the month

- in which my contract of employment ends,
- at the end of which my objection to the renewal of my participation in the programme becomes effective,
- at the end of which the termination of the contract between my employer and S-Bahn becomes effective.

The ProfiTicket must be returned at the beginning of the month in which the fare money can no longer be deducted at source from my salary.

If the ProfiTicket is not returned promptly – unless this is for reasons for which I am not to be held responsible –

the following ruling applies: until the ticket is returned, but for a maximum period up to the end of its validity, the currently valid monthly fare for 24/7 all-year season ticket will be payable to S-Bahn for each month started: for a 2 ring ProfiTicket a 4-zone 24/7 all-year season ticket; in the case of a ProfiTicket for 3 rings a 6-zone 24/7 all-year season ticket, or a 24/7 all-year season ticket for fare rings ABCDE in the case of a ProfiTicket for the entire network. The obligation to return the card remains.

If the ProfiTicket is lost before

it is due to be returned, I will receive a replacement ticket against payment of a fee*. In this case I will inform my employer without delay so that he can arrange for the issue of a replacement card. A loss declaration which is not promptly submitted or only after termination of the ProfiTicket participation relationship can not be recognized within the framework of the Corporate Client Subscription programme. **If I change my name**, I will hand in the ProfiTicket in exchange for a new one.

* I can find out the notice period for termination of the ProfiTicket and the amount of the handling fee for issuing a replacement card from my employer.

Data protection

Data processing in connection with this ProfiTicket participation relationship will be carried out by S-Bahn or their sales partner. The data necessary for handling my participation will be stored by my employer for the purpose of performing the contract. He will communicate to S-Bahn my name, the date of issuance as well as the number of my ProfiTicket. He will communicate all and any changes affecting my participation relationship to S-Bahn (objections, expiry of the entitlement to participate in the programme, loss of the ProfiTicket, the circumstances of its loss, issue of a new or replacement ticket). In the event that I am accused of fare-dodging, S-Bahn will pass on my data to the transport company which carried out the ticket inspection to determine whether I was in possession of a valid ticket at the time of the inspection. If S-Bahn has notified that a third person has used my ticket, my employer will inform S-Bahn of my date of birth and my address for the purposes of determining the facts of the case. This data will also be passed on in the event that I do not return my ProfiTicket although I no longer participate in the programme, in order that S-Bahn may assert any claims it may have in connection with this contract. In the event of non-compliance with the contract or if there is suspicion of criminal acts, my customer data will be made available to the investigating authorities (e.g. the police, the transport police, DB Security). In order to simplify the transition from an all-year season ticket to the ProfiTicket, if I so wish and return my all-year season ticket to my employer, S-Bahn will store my data in connection with the all-year season ticket and pass it on to the transport company concerned for cancellation (Hamburger Hochbahn, DB Vertrieb).

I agree to my employer passing on to S-Bahn documentary proof for any claims to reimbursement I may have, including medical certificates (cf. § 10 HVV Communal Tariff).

I hereby confirm that I have received my ProfiTicket and agree to the contractual conditions overleaf and the data privacy and protection provisions.
